

The following physician groups are contracted with Mercer County Surgery Center. They are not Mercer County Surgery Center employees but instead have a contract with Mercer County Surgery Center to provide certain healthcare services that prevent us from using any other physicians for these services.

These healthcare professionals' costs are never included in the facility's charges. We strongly recommend you contact the group to confirm whether your plan is in or out-of-network. They will bill your insurance separately and bill you for any deductible, co-insurance or co-pay responsibility.
